

19th BALTIC AGRONOMY FORUM

4-5th July 2013 Lithuania

Have You already registered to 19th Baltic agronomy Forum?

Participants are welcome to submit abstracts for oral and poster presentations under the following topics:

- Soil tillage and management;
- Soil nutrition and productivity of agricultural plants;
- The multifunctional use of agricultural crops;
- Plant breeding and genetics;
- Plant protection.

Please submit a title and an abstract of max 1 page to dr. Vita Tilvikienė, e-mail vita@lzi.lt no later than 31st May 2013. Please find attached Template for Abstract preparation. There will be issued an abstract book of the Forum.

Authors about the acceptance of poster or oral presentation will be informed till 10th of June 2013.

We encourage participating junior researchers as well!
